

Remarks:

*Regarding the claims:*

The applicant thanks the Examiner for indicating that claims 1-5, 8-10 12-19 and 22 are allowable. The Examiner entered a rejection to claim 19, which has been canceled in this paper. Thus, all claims are deemed to be in condition for allowance.

*Regarding the Examiner's 'Reasons for Allowable Subject Matter':*

The applicant thanks the Examiner for stating that "None of the prior art discloses or suggests a device having a locking means which is activated with an activation element or biased to cause engagement with a first driving mode."

The applicant requests that the Examiner either withdraw, or clarify the following further statement made by the Examiner "Applicant's arguments filed December 7, 2010 have been fully considered but they are not persuasive.' This latter statement seems to be either "prolix" in view of the former statement, and should be withdrawn.

Should the Examiner in charge of this application believe that telephonic communication with the undersigned would meaningfully advance the prosecution of this application, they are invited to call the undersigned at their earliest convenience.

The early issuance of a *Notice of Allowability* is solicited.

**CONDITIONAL AUTHORIZATION FOR FEES**

Should any further fee be required by the Commissioner in order to permit the timely entry of this paper, the Commissioner is authorized to charge any such fee to Deposit Account No. 14-1263.

Respectfully Submitted;

Andrew N. Parfomak
